FRONTEND SOFTWARE ENGINEER

Frontend Developer with a keen eye for detail and a passion for creating seamless, user-friendly web experiences. Skilled in React, Next.js, and Vue.js, I build scalable applications with a strong focus on UI/UX. I enjoy turning ideas into interactive, high-performing digital products that enhance user engagement.

SKILLS

- Frontend Development: React, Next.js, Vue.js, JavaScript (ES6+), TypeScript, HTML/CSS (Sass, TailwindCSS).
- UI/UX Tools: Figma, Responsive Design.
- Version Control: Git, GitHub.
- Other Tools: Node.js, REST APIs.

PROFESSIONAL EXPERIENCE

Campus51 – Cairo, Egypt

(Aug 2023 – Present)

Software Engineer

- Spearheaded frontend development for the platform's landing page and LMS features using React and Next.js.
- Collaborated with cross-functional teams to deliver a responsive and scalable user interface.
- Enhanced the user experience by integrating interactive components and ensuring cross-browser compatibility.

PROJECTS

Frontend Components Library (2024)

- Built a GitHub repository showcasing a curated set of reusable React components to accelerate development workflows.
- Designed and implemented modern UI patterns, animations, and responsive layouts to enhance user interface scalability and adaptability.

Admin Dashboard (2025)

- Created a responsive Admin Dashboard using Vue.js and TypeScript, leveraging various Vue.js packages for efficiency.
- Styled the interface with Tailwind CSS for a clean, modern look.
- Implemented features including data visualization, user management, and a calendar page for managing appointments.
- Focused on enhancing administrative productivity through intuitive and user friendly design.

Spotify Vinyl (2025)

- Integrated the Spotify API to build an interactive music player that synchronizes with the user's Spotify account for real-time playback visualization.
- Designed and implemented dynamic CSS animations, including a spinning vinyl and a moving pin, to provide an engaging user experience.
- Developed a seamless authentication flow using Spotify's OAuth, ensuring secure and smooth access to personalized content.

EDUCATION

Bachelor in Computer Science

Misr International University, Cairo, Egypt (2019 – 2023)

GPA: 3.22
